

Montana's Automatic Traffic Recorders

2007

MONTANA'S AUTOMATIC TRAFFIC COUNTERS

2007

PREPARED BY THE MONTANA DEPARTMENT OF TRANSPORTATION
TRAFFIC DATA COLLECTION AND ANALYSIS

INTRODUCTION

This report contains a brief, concise summary of traffic patterns at each of MDT's 84 continuous automatic traffic recorders (ATR), that were in operation during 2007. (See page ii for map of ATR locations).

The 84 ATRs are distributed by Functional Class and Urban/Rural as follows.

Functional Class	Urban	Rural
1. Principal Arterial (Interstate)	4	18
2. Principal Arterial (other)	5	30
3. Minor Arterial	3	13
4. Collector (Urban); Major Collector (Rural)	1	7
5. Minor Collector (Rural)		0
6. Local	1	2
Totals	14	70

The **Yearly ATR Profile** report includes:

- The average daily traffic for each day of week and for each month (i.e. the average daily traffic for a Sunday in January versus a Sunday in July)
- The average daily traffic for the week (Sunday through Saturday)
- The average daily traffic for the weekday for each month (weekday is defined as Monday through Thursday for traffic reporting purposes)
- Percentage, by month, of the average daily traffic (Sunday through Saturday) as compared to the average weekday traffic (Monday through Thursday)
- Percentage, by month, of the average daily traffic (Sunday through Saturday) as compared to the yearly average daily traffic which is shown on Yearly Peak Hourly Volumes Report

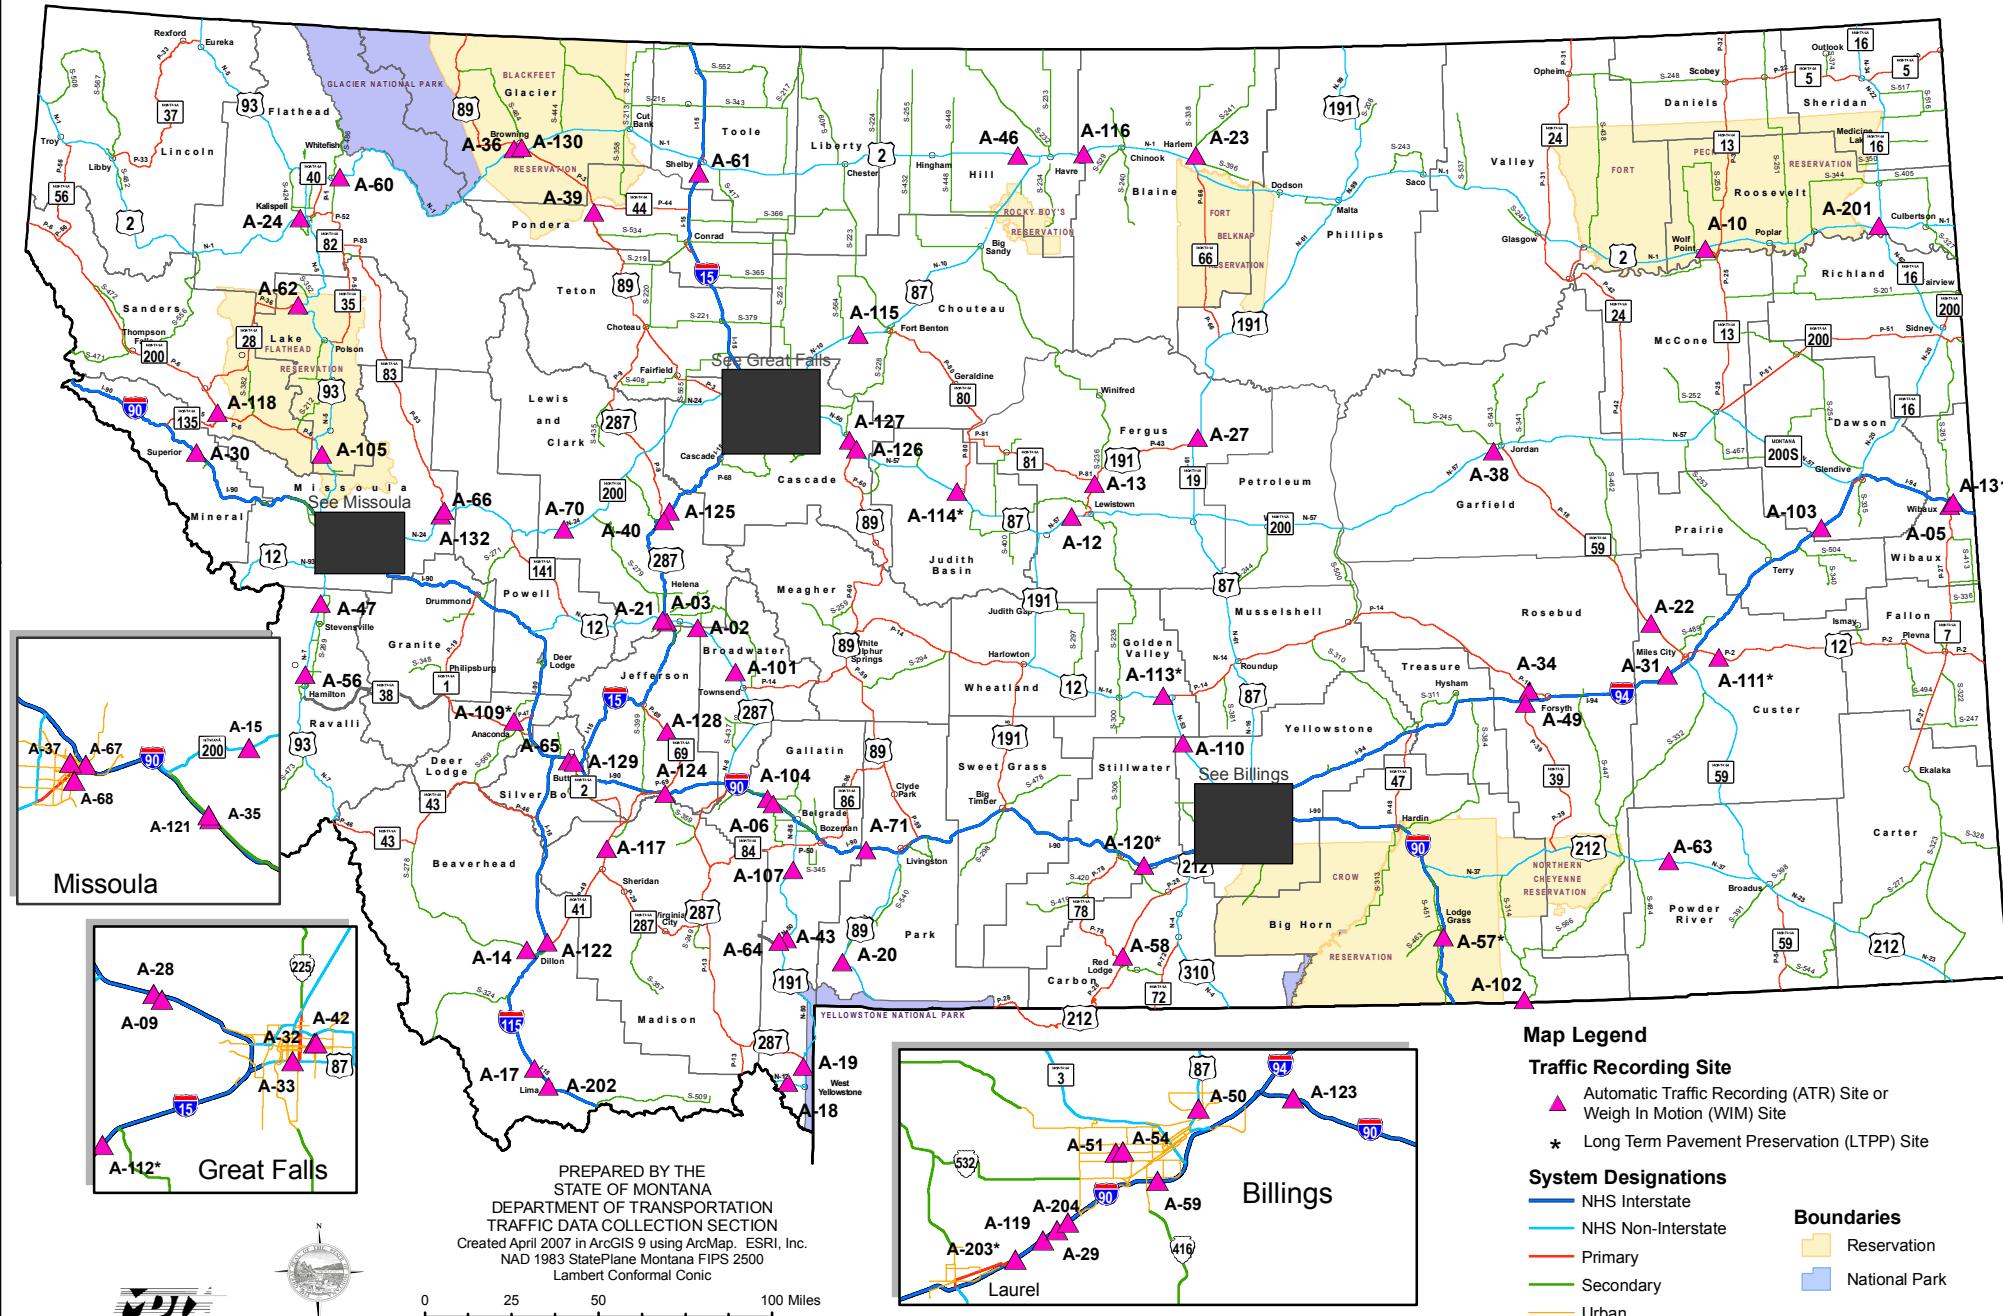

The **Yearly Peak Hourly Volumes** report includes:

- The percentage of large trucks, Types 8-13 (48'-106' in length-see classification diagram on pg iii), is reported for rural counters that have a complete year of data
- The current and historical Annual Average Daily Traffic (AADT)
- The 10th, 20th, **30th (Design Hour Volume - DHV)***, 50th and 100th peak hour traffic volumes shown as percentages of the average daily traffic

*The 30th highest hour, or DHV, is the hourly traffic volume generally recommended by AASHTO to be used in design.

Note: Sites A-119, A-126 and A-202 only collect data for one direction of travel. Therefore, data for these sites are not included in this report. Reports for these sites can be obtained, by contacting MDT Traffic Data Collections and Analysis section at 1-406-444-7217

Automatic Traffic Recording (ATR) & Weigh In Motion (WIM) Sites
